

POLISH INFORMATION AND FOREIGN INVESTMENT AGENCY

Polish Information and Foreign Investment Agency helps investors to enter the Polish market and take advantage of the opportunities it provides in the best possible way. We help the investors to complete any required administration and legal procedures occurring during project implementation and we also support the companies that are already operating in our country. We offer quick access to comprehensive information regarding economic and legal environment of an investment, support with finding proper partners and suppliers as well as location.

Mission of Polish Information and Foreign Investment Agency is also to create positive image of Poland worldwide and promote Polish products and services.
